Re: A55 Junctions 14/15 & 16/16A Engagement.

I wish to register my general SUPPORT for the proposals outlined in the documents posted online.

I specifically wish to support your inclusion of cycling routes as part of the civil engineering proposals and your recognition of the rôle NCR5 plays.

It is vital that county roads and infrastructure are well planned and functional in ensuring as many win/win situations for travel to work and recreational opportunities.

As a user of the route around the Pendalar / Mona Terrace, I support the proposals to take a very steep section out of the route to improve safety and increase potential usage for pedestrians and cyclists.

I would appreciate being kept informed of the progress of the project. My email is
