Subject: RE: A55 PLI - Submission of Proposed Alternative by JWE [J16-R033]

Hi Tracey

Further to your email below, I can confirm that the proposed link road alternative at the Puffin Café/Shell Orme Services issued by Jonathan Williams-Ellis as per the attached email on 07.09.21 is the final version.

The reference to drawings not being final in the email chain related to earlier versions of plans that I was working on that had been circulated to our internal client team for information.

Kind regards

Phil

Importance: High

Dear Jonathan,

I have now received a copy of your proposed alternative at the Puffin Café/Shell Orme Services (between J16 and J16A), submitted on 07.09.21 and this has been passed to the Inspector.

We note that Mr Tilby advises the drawings may require minor amendments and would be grateful if you could confirm that we can expect the final version of these in the next day or two, in order these can be published on the website and included in the Alternatives Booklet being produced by WG.

Please note that this correspondence and your response will be published on the website library as an Inquiry document.

I look forward to hearing from you by return.

Kind regards,

Tracey Smith
Programme Officer (A55 PLI)
